

ASME International Working Group Italy: a real opportunity to directly interact with the Code for BPV

Certification 360 Workshop - Bergamo, October 3rd, 2018

Associazione costruttori caldareria

Federata

ANIMA[®]
CONFINDUSTRIA
MECCANICA VARIA

Types of Membership

- ASME has developed a number of mechanisms in order to maximize the ability of interested parties to participate in its standards development activities....
- **....The international working group (IWG) is designed when a *diverse group of individuals in a country or region outside the U.S. and Canada express a desire to contribute to the work of a standards development committee.* IWG's are created and their members are appointed by the relevant standards development committee just like any other subtier group. IWG's function like any other subtier group that reports to a main standards development committee, but meet regularly in their own country**

Source: www.asme.org

What is the Italy IWG?

- The Italy IWG is an ASME BPV committee.
- In most aspects the IWG is no different than other BPV working groups. IWG proposals follow a path through the BPV structure towards consideration by the BPV Standards Committee.

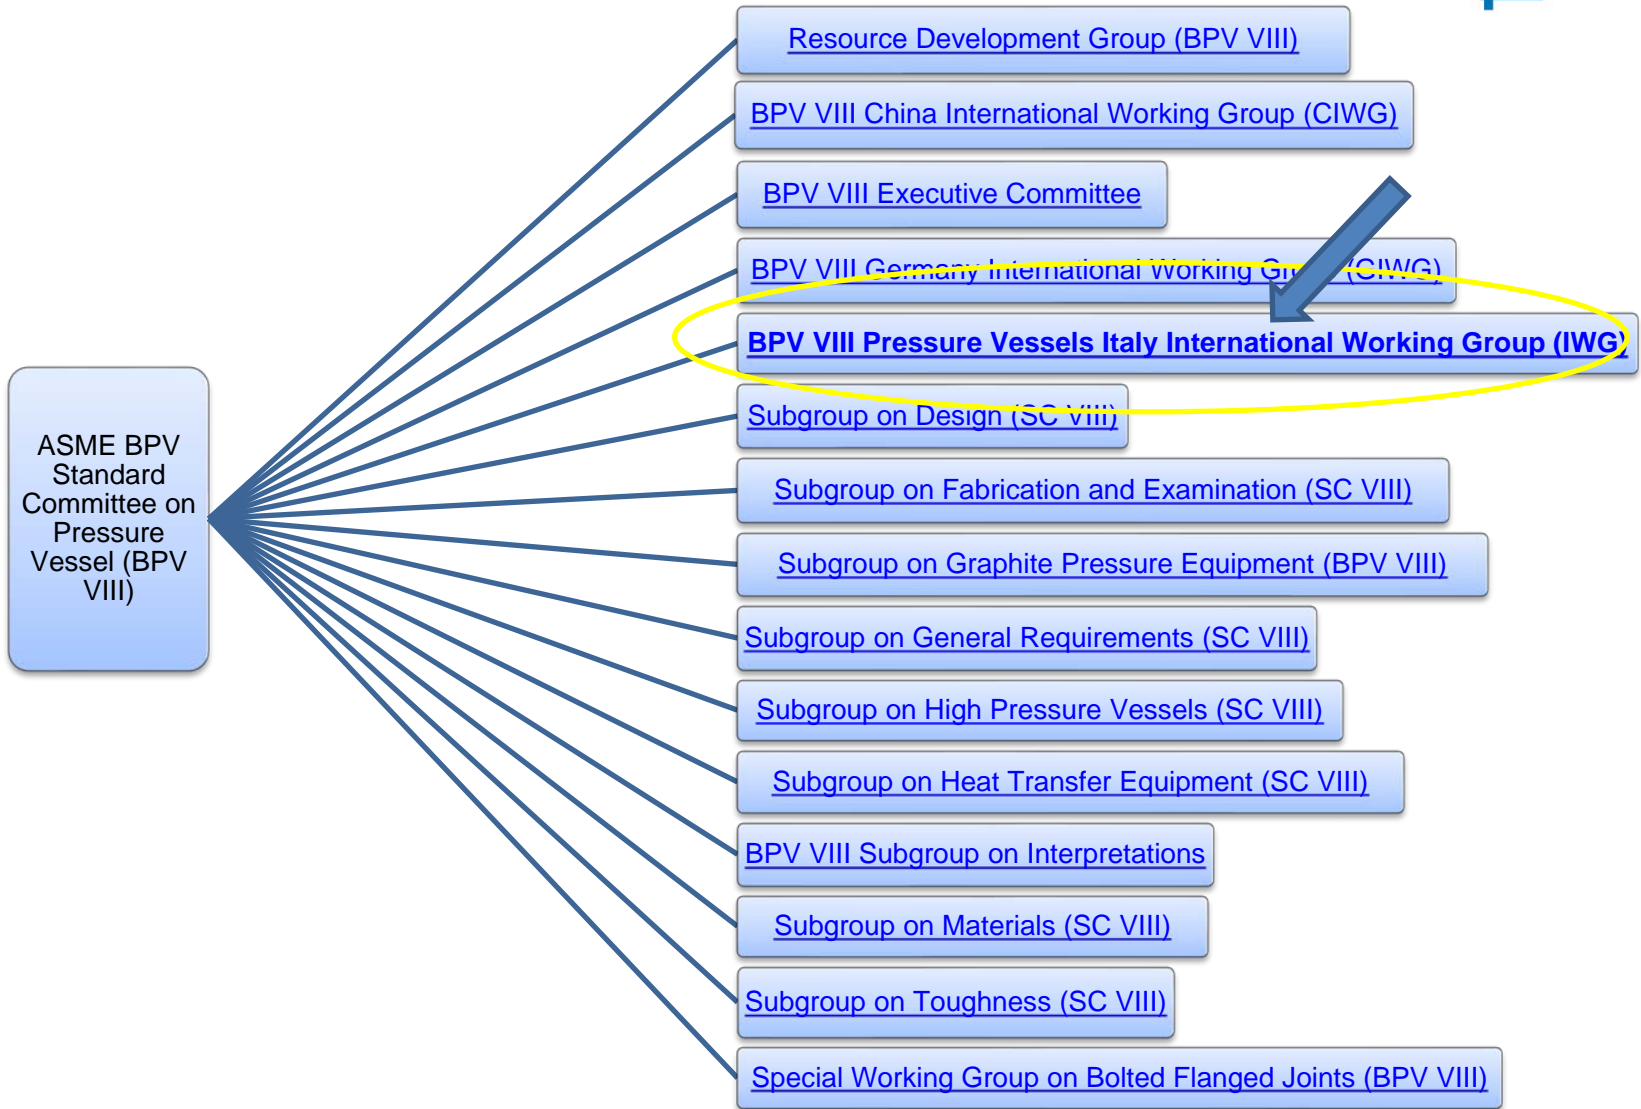

**BPV VIII Pressure Vessels Italy International Working Group (IWG)
Total Membership - 21**

B. Alborali - ATB Riva Calzoni SpA
P. Aliprandi - VRV S.p.A.
A. Avogadri - COSMEC Sri
R. Boatti - Fedegari Autoclavi SPA
A. Camanni -
M. Colombo - Alfa Laval Olmi Spa
P. Conti - Baglioni S.p.A.
P. Dinelli - Studio Dinelli
F. Finco - S.T.F. S.p.A.
M. Guglielmetti - AIR COM srl
A. Magri - Lloyd's Register EMEA
P. Mantovani - Officine Luigi Resta S.p.A

M. Massobrio - Fedegari Autoclavi Spa
M. Millefanti - Sices S.p.A
L. Moracchioli - GE O&G Nuovo Pignone Srl
P. Pacor - C&P S.r.L.
G. Pontiggia - STF S.p.A.
C. Sangaletti - Siad Macchine Impianti Spa
S. Sarti - Enginsoft Spa
A. Teli - Cosmec Srl
A. Veroni - ANIMA / UCC

A bit of history...

- IWG is supported by *UCC – Italian Association of Boiler and pressure vessel manufacturer*
- UCC, is member of ANIMA CONFINDUSTRIA. Established in 1950, the Association's primary purpose is to promote and safeguard the collective interests of the Category

UCC – Italian Association of Boiler and pressure vessel manufacturer

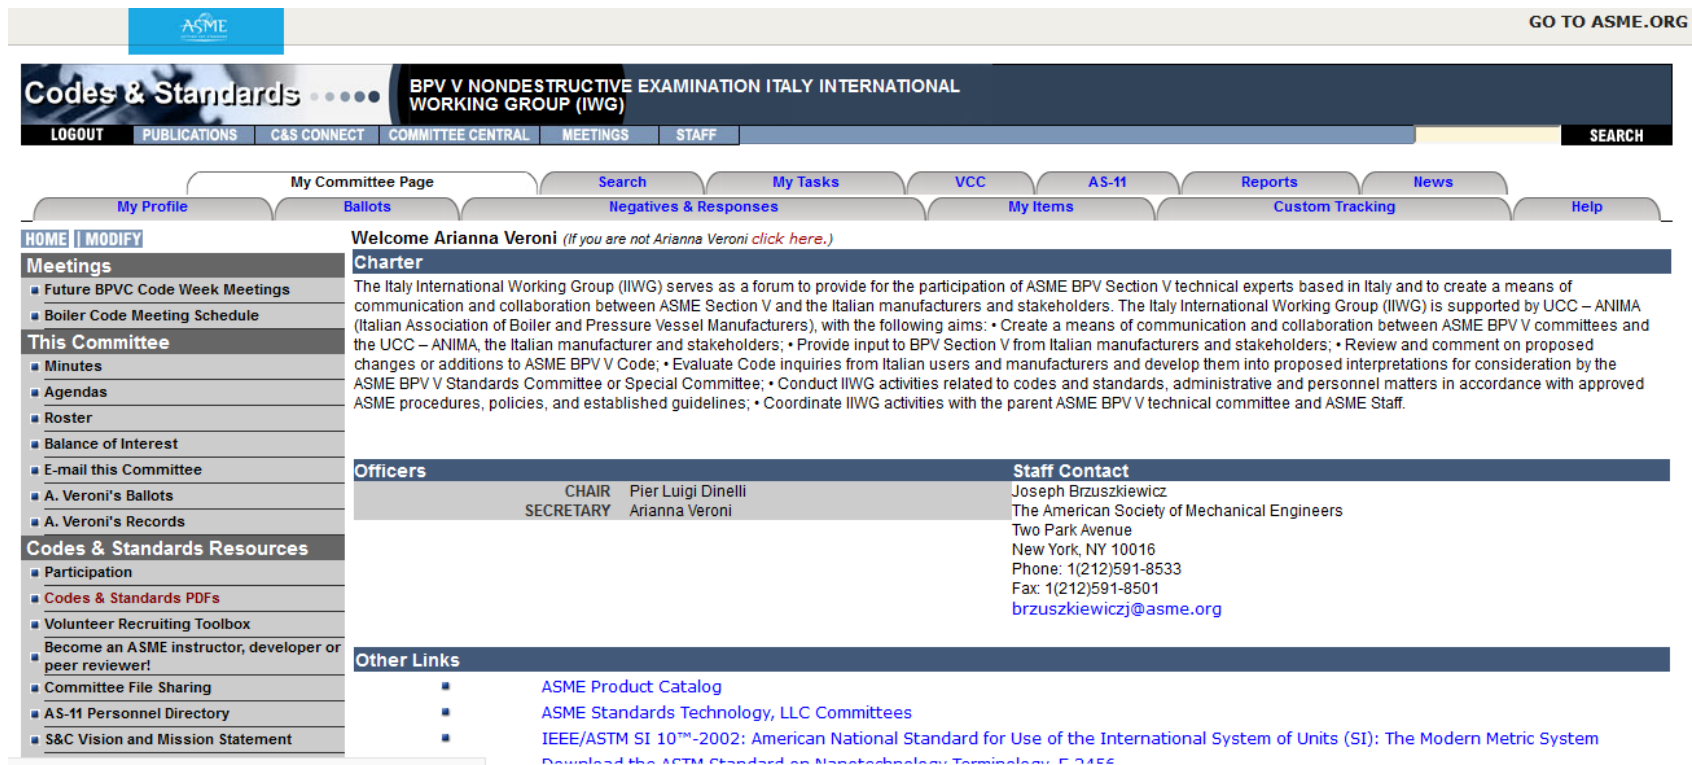

- **Product Group:**
 - *Heat exchangers*
 - *Steam generators /industrial boilers*
 - *Simple pressure vessels*
 - *Pressure vessels*
 - *Pressure equipment*
- **The safeguard of the industry's** interests in relation to the Institutions on a National and European level
- **Synergies with the stakeholders** of themechanical and engineering industries
- **Privileged relations:** Confindustria, Ministry, Standardisation body, European Commission, ecc..

How IWG Acts?

The **Italy International Working Group (IIWG)** serves as a forum to **provide for the participation of ASME BPVC technical experts based in Italy** and to create a means of communication and collaboration between ASME and the Italian manufacturers and stakeholders.

Every Italy International Working Group has its own page on website ASME C&S Connect

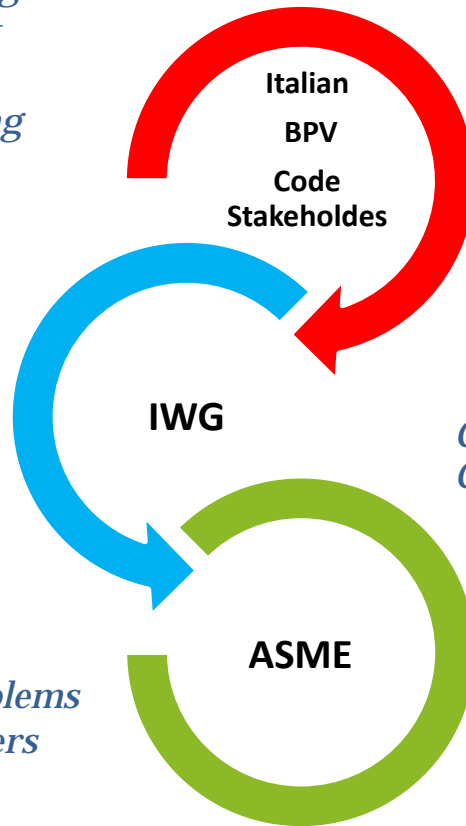

The screenshot shows the ASME C&S Connect website interface. At the top, there is a navigation bar with 'ASME' on the left and 'GO TO ASME.ORG' on the right. Below this is a breadcrumb trail: 'Codes & Standards > BPV V NONDESTRUCTIVE EXAMINATION ITALY INTERNATIONAL WORKING GROUP (IIWG)'. A secondary navigation bar includes 'LOGOUT', 'PUBLICATIONS', 'C&S CONNECT', 'COMMITTEE CENTRAL', 'MEETINGS', 'STAFF', and a 'SEARCH' button. A third navigation bar contains various user-specific links: 'My Profile', 'My Committee Page', 'Ballots', 'Search', 'Negatives & Responses', 'My Tasks', 'VCC', 'AS-11', 'Reports', 'Custom Tracking', 'News', and 'Help'. The main content area is titled 'Welcome Arianna Veroni (If you are not Arianna Veroni click here.)' and features a 'Charter' section. The left sidebar contains a 'Meetings' section with links to 'Future BPVC Code Week Meetings' and 'Boiler Code Meeting Schedule', a 'This Committee' section with links to 'Minutes', 'Agendas', 'Roster', 'Balance of Interest', 'E-mail this Committee', 'A. Veroni's Ballots', and 'A. Veroni's Records', and a 'Codes & Standards Resources' section with links to 'Participation', 'Codes & Standards PDFs', 'Volunteer Recruiting Toolbox', 'Become an ASME instructor, developer or peer reviewer!', 'Committee File Sharing', 'AS-11 Personnel Directory', and 'S&C Vision and Mission Statement'. The 'Charter' section describes the IIWG's purpose and lists its aims. Below the charter are sections for 'Officers' (CHAIR: Pier Luigi Dinelli, SECRETARY: Arianna Veroni) and 'Staff Contact' (Joseph Brzuszkiewicz, The American Society of Mechanical Engineers, Two Park Avenue, New York, NY 10016, Phone: 1(212)591-8533, Fax: 1(212)591-8501, brzuszkiewiczj@asme.org). An 'Other Links' section includes links to 'ASME Product Catalog', 'ASME Standards Technology, LLC Committees', and 'IEEE/ASTM SI 10™-2002: American National Standard for Use of the International System of Units (SI): The Modern Metric System'.

IWG Roles and Objectives

Alleviate barriers (long distances, language) that prevent qualified Italian experts from participating in ASME SC process

Establish Project Technical Managers (PTM) and Project Teams to develop:

- proposals for Code changes
- proposals for Code Cases
- proposals for Code interpretations

Contribute to the development of ASME Code proposals

Discuss perceived code deficiencies or other problems identified by IWG members

Contribute technical expertise to discussions and Code proposals

Meetings are organized in Milan
to **UCC/ANIMA head-office**
Via Scarsellini, 13 - Milano (Italy)
